Rumors and Misconceptions Part #4

September 15, 2015

The opposition has been spreading rumors and misinformation about this measure.

The opposition has been spreading rumors and misinformation about this measure.

**FEAR
UNCERTAINTY
DOUBT**

This is known as F.U.D.

F.U.D. #4

“This measure was created by a bunch of Raynor and Birdland residents who were bitter about the sale of the Raynor Activity Center to the Stratford School ”

This is FALSE!

We've Heard This ...

- First, during the petition drive
- At the August 11 Council Meeting
- Again, later at the same Council Meeting
- And, to no surprise:
 - SunnyvalePolitics@groups.yahoo.com

The Truth

- Not only is this FALSE...
 - *It's uninformed*
 - *It's INSENSITIVE*
 - *It's DEVISIVE of Sunnyvale neighborhoods*

Here's Why

- Many Core Team members began **over 1 year ago**, Spring 2014 and before.
- By Sept 2015 we had *each* spent **200 to 500+ hours** on this initiative
- Including **16+ solid weekends** during the petition drive
- Plus **50+ volunteers** from 20+ unique Sunnyvale neighborhoods

Really???

If the proponents had been looking for a *bitter* response, they would have filed something more punishing, such as a recall initiative.

Sunnyvale Public Lands for Public Use Act

- Limited Scope to preserve public use:
 - Only applies to Public parks, Open space and Community Amenities
- Requires simple voter oversight of far-reaching Council decisions
